

KM Conference 2020

1 - 4 July 2020, ISEG - University of Lisbon, Portugal

Themes: Knowledge Management, Cybersecurity, Learning, and Information Technology

<http://iiakm.org/conference/>

Call for Papers/Abstracts

We would like to invite you to participate in Knowledge Management (KM) Conference 2020, which will be hosted by and held at the campus of ISEG - University of Lisbon, in Lisbon, Portugal on July 1-4, 2020. Lisbon is a vibrant city and the capital of Portugal. Lisbon is known for its cafe culture and soulful Fado music. The KM Conference 2020 will provide a showcase for the latest research in practice and pedagogical topics that focus on knowledge management, cybersecurity, learning, and information technology, as well as how they are used to improve and sustain quality in organizations. You are invited to share your research on the conference themes or other relevant KM research with the scholars and professionals attending the KM2020 International Conference. Papers covering related academic, technical, and practitioners' issues are also encouraged. Submit a paper/abstract at: <http://iiakm.org/conference/>

Important Dates/Deadlines

- Submission deadline of complete papers or extended abstracts: **February 1, 2020**
- Reviews and responses to authors: **March 1, 2020**
- Submission of the final version of accepted papers or abstracts: **March 28, 2020**

What to Submit

- Full research/pedagogy papers (including work in progress or doctoral dissertation research)
- Extended abstracts or short papers
- Panels or practitioners presentations/papers

All submissions are double-blind refereed. See submission requirements at <http://www.iiakm.org/conference/> → "Author's Guidelines" High-marked papers will be fast-tracked for publication in the *Online Journal of Applied Knowledge Management* (OJAKM - ISSN 2325-4688). OJAKM is the official publication of the International Institute for Applied Knowledge Management <http://www.iiakm.org/ojakm/>. Other papers and abstracts will be published in the Conference Proceedings.

Suggested Topics

KM Conference invites empirical and conceptual papers dealing with theoretical and practical aspects of knowledge management, including, but not limited to:

- Adaptive systems
- Architectures and design of KM systems
- Biometrics, Bioinformatics, and Healthcare
- Cybersecurity and Information Security
- E-Learning, m-Learning, Experiential Learning, and Gamification
