Call for Papers/Abstracts

We would like to invite you to participate in the Knowledge Management (KM) Conference 2023 (KM2023), which will be hosted by Centre Universitaire d'Informatique (CUI), University of Geneva, Switzerland on 28 June - 1 July 2023. The KM2023 will provide a showcase for the latest applied research and industry cases in topics that focus on knowledge management, cybersecurity, learning, and information technology, as well as how they are used to improve and sustain quality in organizations. You are invited to share your research and/or industry cases on the conference themes with fellow scholars and professionals attending the KM2023 International Conference. Papers covering related academic, technical, and practitioners' issues are also encouraged. Review the Author's Guidelines and submit a paper, abstract, and/or industry talk/panel via: <https://www.iiakm.org/conference/> (See side navigation)

Important Dates/Deadlines:

- Submission deadline of complete papers or extended abstracts: **March 1, 2023**
- Reviews and responses to authors: **April 10, 2023**
- Submission of the final version of accepted papers or abstracts: **May 10, 2023**

What to Submit:

- Full research papers (including work-in-progress or doctoral dissertation research drafts)
- Extended abstracts or short papers
- Industry, practitioners, or panel presentations/papers/extended abstracts

All submissions are double-blind refereed. See submission requirements at <https://www.iiakm.org/conference/> "Author's Guidelines". High-marked papers will be fast-tracked for publication in the [Online Journal of Applied Knowledge Management](#) (OJAKM - ISSN 2325-4688) and Emerald's Journal of [Information and Computer Security](#) (ICS - ISSN 2056-4961). Other papers and abstracts will be published in the Conference Proceedings. *****By submitting a paper or abstract, you agree to serve on the Program Committee and conduct a peer-review of at least three papers/abstracts*****
