

# InstaDuo

The InstaDuo, composed of Paolo Andreoli on the violin and Cosimo Carovani on the cello, is a formation that aims not only to make available a vast chamber repertoire still unexplored and of unusual beauty but to share music in an unconventional way, using different channels and forms, transforming the moment of the concert into an all-round experience.

Even in the name of the chamber group there is its artistic program: born during the period of confinement of the pandemic, it develops a project that can, in an unusual way, bring classical music on social platforms and share it with the listener in a definitely profound, but also different and inclusive way. In addition, he wants to convey the instantaneousness of the music which through the freshness of the performance, the vastness of the repertoire, its versatility and the experience of the two members in the world of chamber music, will offer the listener a musical moment that is certainly different from the ordinary.
